No Supervisor would contact me back for four months 3 times a day I would call and try to resolve the problem. I know I would be over charged they knew it. Then the CCS waived my deposit a few months later went back rebilled me for it. Charged me anywhere from 18-25.00 late payment per month. I'm on SSI. I didn't use the lights they don't even be on daytime, night light only at night (2)

Down cost that much per month.
2. I finally got them to come and see about the meter the person they sent
he explain to me from his readings the meter & the computer in his truck my
bill should be 30 something, not over thirty-five the night be using the old
meter because this is a new meter & they didn't put the date nor the
Serial # on it, so they could be billing me from the old meter which it was
Something wrong with that meter. Then they shut my lights off in July.
Please clearly state what you want the Commission to do in this case: I was still making payment every 2 weeks & hoping,
